

Hartnell vs. MPC In Blood Donor Derby Today

Dance Tomorrow Nite Climaxes HC Week

PANTHER SENTINEL

Volume XXII

Salinas, California, Friday, March 6, 1953

Number 16

Men's Gym Location For Portable Red Cross Unit

The second annual Blood Donor Derby between Hartnell and Monterey Peninsula colleges is being held today. The winner of this competition will be the recipient of a beautiful trophy established by the two schools. Competition is based on the number of students donating divided by the average daily attendance, thus deriving a percentage. The school with the highest percentage of donations wins the honor of receiving the coveted award for another year.

The Blood Donor Derby was established by last year's donor chairman, Ken Van Cleave. Expenses for the trophy were shared by both student bodies. Monterey was the winner of the award last year, and at the present is the proud possessor of the trophy.

Emil Yappert and Mike McCann, cochairmen of this year's Hartnell blood donations, announced that the entire Red Cross mobile blood unit will be located in the Men's Gymnasium today. Those who have signed up to donate some of their blood to the worthy cause may do so from 11 until 3 o'clock.

At press time all indications pointed to a large response on the part of the student body; McCann and Yappert expressed confidence of a Hartnell victory when the fi-

nal tally is complete. Remember, if you signed up, don't forget to go out to the gym and roll up your sleeves!

Spring NCJCSGA Meet at M.P.C.

Hartnell representatives to the Asilomar meeting of the Northern Section California Junior College Student Government Association played an important role in the business completed yesterday. Host Monterey Peninsula College, led by N.S.C.J.C.S.G.A. President John Edmonds, also contributed to the success of the spring conference.

Each of the aforementioned schools was represented by three workshop chairmen, Hartnell's being Dick Johnson, Randy Blair, and Ken Van Cleave. Hartnell's voting delegates to the well attended meeting were Blair and Van Cleave.

Other Hartnell representatives aiding in the preparation for the C.J.C.S.G.A. conference of April 9, 10, and 11, were Ramona Eris, Darlene Clizbe, Babette Gianinni, Dave Lewis, Edwin Forbes, Wallace Lowry, and Tom Klingensmith; and faculty advisors, Miss June Handley and Mr. Jerry Girdner.

Hartnell College Week Nears End

Hartnell College Week of 1953 began impressively, with a crowd of more than 250 students and visitors watching the Hartnell Pantherettes defeat the Monterey Loboettes, 28-19, in the basketball game of Sports Night, last Monday night. This successful event was held in the Men's Gym, and launched a series of successful events up to today.

Tuesday, March 3, a sparse number of visitors viewed the campus and normal daily activities. The following day, a much more encouraging group visited Hartnell A. and M., as Mr. Lyman Fowler staged an open house at the agriculture and mechanics campus. That evening, a pleased gathering left the college about 9:30 after enjoying the fascinating International Club panel; and films of

(Continued on Page 2)

Each student who will have completed 60 units of work at the close of this semester is reminded that today is the last day to apply for graduation. Applications must be in today in order that the records may be checked for the necessary 1.00 grade point average.

Dance Will Be In Men's Gymnasium

"The Miser" To Be Staged Next Week In Little Theatre

The production, "The Miser," will be presented, under the direction of Mr. Hal Ulrici, by the Hartnell Players, March 12, 13, 14, in the Little Theater.

The play promises to be one of the best ever presented at Hartnell. It will be the college's first experience in college-community drama, in which both students and adults from the community participate in the play.

"The Miser" is comedy by Moliere at its best as the audience witnesses everything from playing leap frog on stage, to jumping settees. It will appeal to young and old alike.

Beautiful flowing seventeenth century French gowns and long wigs against the background of an interesting and unique set will provide an evening of complete enjoyment for the whole family.

Members of the cast are Paul Edwards in the title role of the Miser. Paul does a fine job in projection with magnificent effect and enthusiasm, according to the director.

The romantic interests are played by Mary Ann Baldwin as Elise, and Mr. Grover Lee, a community player, as Valere, also Bernita Merritt as Maryanne, and Alen Lowell, a community player, as Cleante. Mrs. Ruth Lee plays the romantic matchmaker with cunningness and shrewdness.

Character roles are played by Bill Garey, as La Fleche and Paul Brown as Jacques, the dumb and "put-upon" servant. Other character roles are Mr. Jack Lines, who doubles as Master Simon and the Magistrate. Don de Graf plays Monsieur Anselme.

Last but not least are the three stupid, demented servants by the names of Mistress Claud, Mistress Brindavoine, and Master La Merluche.

The play is a story of an old man who spends most of his time in frustration and confusion attempting to keep his family from realizing he has any money. How-

(Continued on Page 2)

Dancing to the music of Wayne Walker will bring to a close the Hartnell College Week events for 1953 tomorrow night in the Men's Gym. As the case with all other events of Hartnell College Week, the public is invited to attend the dance, reports Linda Lawrence, commissioner of social activities.

The dressy-sport affair will follow the spring alumni party in the American Legion Hall, on Laurel Drive. The alumni party, also open to the public, will begin at 7:30 p.m., and will conclude at 9 p.m., at which time the alumni will proceed en masse to the dance.

The gym will be decorated in a gay manner, and excellent refreshments will be served, promises the social activities committee. The only attraction which the grads' party can boast over the dance is a roster of professional entertainers on tap.

Arrangements are being made to have a portion of the dance music recorded for later presentation on Radio Station KSBW. Aiding Miss Lawrence in preparation for the dance are Cloyce Little, Mayme Lipsett, Karol Klauer, Sally Lipsett, Linda Robbins, Claudia Day, Nancy Carr, Doris Simon, Emil Yappert, Loava Mead, Wayne Heple, and Pat Nelson.

Refreshments will be free and served on a first come basis, and will consist of cookies, made by volunteers, and delicious punch. The dance promises to be, one of the better ones of the year; so remember the starting time of 9 o'clock.

Hartnell On KSBW Tonite

Hartnell talent and features will be presented on Radio Station KSBW tonight at 8:30 p.m., announced Dick Johnson, commissioner of public relations, earlier this week. Musical solos recorded from this morning's concert will be highlights of the program.

Incorporated into the program will be interesting items concerning the history and activities of William E. P. Hartnell and of Hartnell College. Members of the KSBW staff are being aided by Johnson in organization of script and material for the show.

Westminster Club Holds Cake Sale

The Westminster Club cake and coffee sale is being held today in Room 35, from 11 to 2 o'clock.

The sale, at which cakes baked by the members of the Westminster Club will be sold for a price of 15 cents for a piece of cake and a cup of coffee, is under the chairmanship of Simone Ikeda. The Westminster Club is under the advisorship of Miss Fraser.

Latest Draft Board Routine

On February 16, 1953, President Lemos attended the last meeting of the draft boards, and the following routine was adopted. Hartnell College will submit to the draft board each student's record, which will include not only the current number of units carried but also the standing of students at the end of the school year. Included will be his full rating, covering (1) units now carried, (2) class standing, (3) excessive absence from class, (4) classes dropped, (5) quitting Hartnell College.

President Lemos further stated that a student MAY register at ANY draft board, but he must be sure to give the draft board where he is registering his true and complete home address. By so doing, he will be credited to his home draft board and thus insure careful consideration of the board in his home town.

President Lemos also advises that any student who is not 18 and has a draft card, by any reason whatsoever, should take immediate steps to turn it in before it is too late. Failure to do this may cause dire results for the holder.

THE MISER . . .

(Continued From Page 1)
ever, he has so much money that he keeps it all over the house.

The subplot represents the attempt of the son and daughter to marry their lovers. The Miser plans to marry a girl much younger than himself who turns out to be his son's girl friend.

The very reasonable price for an evening's entertainment is fifty cents for students and children and \$1.00 for adults. Curtain time is 8:15 for each performance.

Washington Hop Lacks Attendance

It was the Washington Dance after the game, Friday night, February 20.

Soft music from some of the nation's most famous bands drifted through the doors of the Women's Gym out into the crisp night air. The decorations were appropriately colored red, white, and blue. It was a perfect atmosphere for a lovely evening, but where were the people? If you looked hard, you could see a few couples here and there throughout the room dancing dreamily and apparently enjoying themselves. Why couldn't more students do the same?

The price of the evening entertainment was small. The club that sponsored the dance spent a lot of time decorating and preparing for the evening's recreation. They deserved a larger crowd.

All the after-game dances this season have slowly dwindled down to fewer and fewer couples. It should be just in reverse. Remember the success of the college dances depends on you.

HARTNELL WEEK . . .

(Continued From Page 1)

Hartnell College and the Junior Rose Bowl.

Last night, Thursday, March 5, an enthusiastic gathering delighted in the presentation of a Fashion show, Watsonville high school talent group, sneak preview of "The Miser," a music program, and refreshments and exhibits by the International Club and Art department.

Throughout the week, visitors have been signing a registration book, and receiving souvenir edi-

Hartnell Drops In Enrollment

The total registration of active Hartnell students has dropped slightly from last semester; from a total of 618 for the fall semester to a total of 588 as of February 15 this spring semester.

Of the present total, 511 students are returning from last semester and 77 are newly entered this semester. Graduation, the draft, and various other personal reasons account for the 55 of last semester's students who did not return to college this spring. Of the new students who entered, 149 were freshmen, 9 were sophomores, and 19 were special students.

The total active registration of 588 differs from the total accumulative registration of 648 students due to the attendance record requirements of the state board of education. These regulations require that the records of each student be kept all year even if the student drops before the year is up. This means that the official state records will include those who have dropped, but for its own records the college drops from its current list of registrants, those who leave school early or drop at the end of the first semester.

tions of Panther Sentinel. Coverage of the week's activities by local radio stations, and by the Salinas Californian has been excellent, in the estimation of student commissioners.

It is felt, by members of the Associated Students who worked on various phases of the week, that results in creating interest in Hartnell and its need for a student union have been fruitful.

Job Experience Program Is Offered Here

Hartnell College, since 1946, is one of the few junior colleges in the state maintaining an extensive work-experience program for its business students, it was learned this week from Mrs. Anne L. Harper, Hartnell faculty member in charge of this phase of training.

This program has proved very popular this semester with both students and employers. Thirty students have started work since the first of February as typists, stenographers, bookkeepers, and office clerks under this program. Several openings are still available, however, for students with bookkeeping, typing, or stenography training.

The program enables students with business background to "earn and learn" while attending Hartnell College. First preference has always been given to second-year students, with remaining openings going to freshmen and special students. Because of the importance of this cooperative-experience program, the college grants six units credit each semester in Business 81, which is under the supervision of Mrs. Harper. Mrs. Harper makes periodical checks of the students' progress on the job, and the employer is asked to fill out a written report on the student's working ability at the end of each semester. This report becomes part of the student's permanent record at the college. In some cases students doing exceptionally outstanding work have fit themselves into fulltime positions either with their work-experience employer or a recommended employer upon leaving Hartnell.

During the present semester, the following types of offices are represented in the work-experience program: three law offices, one chain department store, one dress shop, one lumber company, one auto agency, one produce container company, one trucking concern, one TV and radio appliance store, one boys' organization office, four divisions of Hartnell College, three divisions of Salinas Schools Administrations Offices, two junior high schools, three elementary school offices, and one certified public accountant's office.

In the past, Hartnell students also worked in offices of the court house, city libraries, Western Union, title and abstract companies, finance companies, farm machinery company, and various produce shippers and brokerage concerns.

Most openings on the work-experience basis are filled at the beginning of each semester. However, employers contact Hartnell when need arises. During the latter part

Hartnell Library Offers Variety In Books

A brief survey of the recent additions to the library reveals a variety of books to satisfy many tastes and needs. As usual, the social sciences come in for the lion's share, with many new history, political science, and sociology books available.

Martin's "New Dictionary of American History" should be a great help for those in search of an elusive fact. Probably the most outstanding biography of the group is Benjamin Thomas' biography of Abraham Lincoln. Hailed as the best one-volume life of Lincoln, it is as interesting as it is scholarly.

In the realm of the sciences, "The Earth Song," by Charles Camp, should be of interest to anyone who likes California. It is the story of the earth's surface as the story is told in California's own disordered mass of fragments of the past, with excellent drawings of extinct animals, well-considered diagrams, and clear explanations of geological principles.

In "Man, the Chemical Machine," Mr. Borek contends that biological chemistry rather than medicine deserves the principal credit for the use of miracle drugs and other clinical applications of laboratory discoveries.

For those who weary of a steady diet of heavy fare, there are several outstanding new novels. Viola Paradise's "Tomorrow the Harvest," is a story of a small Maine community in the 1870's. It is particularly the story of two women, Dorcus Willett, heiress and spinster, eating her heart out for the wrong man, and Melissa Sawyer, pauper, whom Dorcus befriends and who, in the end, gives Dorcus back more than she has given.

Another period novel in which Napoleon and the Napoleonic era come alive is Selinko's "Desire," a Marseilles silk merchant's daughter who became Queen of Sweden. As one of Napoleon's early loves, and perhaps his first fiancee, Desire is shown as a privileged person who, even after her marriage to Marshal Bernadotte, maintained Napoleon's respect and a measure of his love. This is a long novel, enjoyably easy to read.

of the spring semester there is usually a demand because of the opening of the lettuce sheds in April.

Campus capers call for Coke

Parties click when the mood is right. With enough Coke on hand you can set the scene for a gay session . . . anytime.

Salinas, California

Hartnell Choir To Take Tour

Beginning sometime in mid-April and lasting through May, the Hartnell College Choir will make a tour of the high schools in the area from which the college draws its students.

High schools to be visited are those in Santa Cruz, Watsonville, Gilroy, Morgan Hill, Carmel, Gonzales, King City, and Hollister. Hollister Junior College will also be included.

The choir already consists of 36 members, with room for more, particularly tenors and altos, according to Director Vahé Aslanian. Mr. Aslanian stresses the urgent need for additional tenors and altos to properly balance the arrangements.

Students interested in becoming a part of this musical organization should contact the director immediately.

Audio Visual Bulletin Lists Films Available

The audio-visual bulletin, put out approximately once a month by Mr. W. R. Bullis, gives a list of the films which have been ordered, and are available, and the dates on which the films will be available for presentation in other classes.

Mr. Bullis is in charge of movies, filmstrips, records, and equipment and the ordering of the above for anything connected with the audio-visual division of education.

Practically every department in the junior college has, at some time or other, ordered and shown audio-visual films, including home economics, geology, political sciences, physical sciences, health and safety, athletics, English, and foreign language departments.

Arrangements for showing films are to be made by members of the faculty by contacting Mr. Bullis.

Inter-varsity Association Is International

The chapter of the Intervarsity Christian Association at Hartnell College is one of a large network of chapters in colleges all over the United States, England, and Canada. The organization is comparatively new, as it originated only 10 years ago at Oxford University.

The organization is religious but does not belong to any one particular denomination. To quote Mr. Bullis, advisor to the Hartnell chapter, it is a "dignified intellectual organization but is spiritually religious."

Meetings are held usually every Wednesday at noon in Room 35, where the members discuss the Bible, with guest speakers on hand for most meetings.

In the fall and spring, week-end conferences in the Santa Cruz Mountains are enjoyed by the members of the organization.

State Positions Now Available

Students at Hartnell should give serious consideration to the possibility of California State employment in adjacent areas where good salaries, excellent working conditions, future retirement benefits, and reasonable working hours are the practice and not the exception.

At the present time, Mrs. Anne L. Harper, when interviewed, stated that Soledad prison has various openings for stenographers, typists, and file clerks. Typists receive an entrance salary of \$220 per month, and stenographers receive a commensurable increase over that. Working conditions are exceptionally pleasant and the use of modern office equipment is conducive to better results with a minimum of effort.

The business office at the prison is situated at some distance from the prison proper and an office employee is at no time subject to contact with the prisoners. For those whose home would be too far away, housing is available for girls at a very reasonable rental of \$13 a month. Daily luncheon may be had for the nominal sum of 50 cents and served in the civilian dining room. Mrs. Harper will be very glad to consult with any Hartnell student who might be interested in this vocation and, to this end, has prepared a special short outline covering employment at the prison. Taking advantage of this splendid opportunity now could mean a very lucrative position starting with the summer vacation, concluded Mrs. Harper.

Home Ec Teacher Attends Special Convention

Miss Mildred Novotny, of the home economics department, will attend a biennial convention of the State Home Economics Association on March 28, 29, and 30, at the Palace Hotel in San Francisco.

Miss Novotny will be one of the three college teachers from the state to take part in the panel discussions on the department program of colleges and universities. The topic for discussion is "The Plan of Home Economics in the Junior College."

Cooking Class Features Meal Planning Study

The Hartnell cooking class, including Mayme Lipsett, Gladys Hunter, Leota Fieldgrove, Fannie Hernandez, and Avilina Acosta, and instructed by Miss Novotny, is embarking on an interesting venture this semester, that of preparing entire meals centering around various meat cuts that are extremely palatable, colorful, and attractive, fine of texture, and full of nutritious food value.

As each recipe is used, it is evaluated before it is approved for the class recipe book. The women are also practicing correct serving techniques along with their other studies.

The class at present is working

Hartnell Men Get Physicals

Sam, our favorite uncle, apparently needs young men for extracurricular training in Korea. An estimated 60 to 70 potential draftees from Hartnell appeared in San Francisco for their preinduction physical. After the physical and mental tests, the boys were subjected to a cafeteria-cooked luncheon of cafeteria-cooked . . . food? A good time was had by all.

Talking this subject over with several of the fortunates, we touched upon many draft-evasion alternatives. It was noted that several large corporations offer employment in Saudi, Arabia, where employees in a foreign country are not subject to local draft. However, one is subject to the Arabian draft. Another alternative would be joining the French Foreign Legion. Anyway, you would eventually end up in Korea. The most sensible plan discussed was that of "keeping your grades up while in college."

The physical examination consisted of a complete external check-up with a medical guess of the validity of the internal functions.

Also included was a blood test administered by an ex-vampire.

Business Pupils Receive Awards

Monthly dictation and transcription tests are given in Mrs. Ann Harper's stenography classes, and several of her students have recently received awards from the Gregg Company for having successfully passed the tests. The tests involve five-minute dictation at varying speeds, with limited time allowed for transcription, with a requirement of accuracy above 95 per cent.

Certificates were granted to the following students for having successfully passed the 60-word-per-minute dictation and transcription on five-minute takes: Anne Brooks, Arlene Gubser, Betty Houston, Sylvia Lanini, Clare Martella, Dolores Sanchez, Mrs. Frances Taylor.

For unusual speed in writing shorthand, Dorothy D. Robinson of Salinas was awarded a gold pin and certificate for having passed the 120-word-per-minute dictation for five minutes on difficult material. She is the first student this year to have earned the "120-word" pin.

Hartnell Males Are Healthy

"The Hartnell student continue to be very healthy individuals," confided Hartnell Athletic Director Ed Adams in an interview as a result of the physical examinations conducted by the college doctor, Dr. George Hinn. It was further revealed that of all those examined, only one had anything seriously wrong with him.

In the eyes of Adams, the examination proved to be a success. The ruling which Hartnell places on physical examination requires that one be taken at least once every two years. These are given to all freshmen, all new students, and those students re-entering school after an absence of a year or more.

Veterans To Receive Scholastic Benefits

At the present time a veteran is entitled (generally) to benefits under U.S. Public Laws 16, 346, and 350. Not to dwell too long on Public Laws 16 and 346, it will suffice to say that regarding P.L. 346, this law was primarily for veterans of World War II, and is now inoperative for those veterans of World War II, and is now inoperative for those veterans.

tic credit time of each veteran shall be computed by multiplying one and one-half times the duration of the veteran's active service. That is to say, a veteran with two years' active service would be entitled to three years of training. In no case shall a veteran's entitlement exceed thirty-six months under Public Law 550.

The selection of a program of education or training by an eligible veteran will consist of: (1) the determination and specific identification of an educational, professional, or vocational objective; (2) the choice of a type of training and approved course, or courses, or curriculum, or curricula generally considered necessary for attainment of the objective; (3) a request by veterans for assistance in choosing an objective, or in selection of a program of education or training, and for which educational and vocational guidance will be provided;

(4) no approval of application and certificate for education and/or training (V.A. Form 7-1993) will be issued in any case where it is not clearly established that all the provisions of Public Law 550, Eighty-second Congress, are fully satisfied.

The veteran's monetary allowances are:

(In the table below, the first column shows attendance; the second column the allowance for a single veteran; the third, a veteran with one dependent; and the third for those with more than one dependent.)

Full time	\$110	\$135	\$160
Three-quarter time	80	100	120
One-half time	50	60	80

The veteran should keep in mind the fact that Hartnell College is fully accredited and approved as an institution of higher learning; and he should lose no time in availing himself of these advantages.

Hartnell Adds 38 New Classes

The office has announced 38 new classes which have been added to the schedule this semester.

The agriculture department has added three; architecture department, one; business department, five; chemistry department, two; dramatic art department, one; engineering department, four; education department, one; English department, one.

The entomology department features one new class; geology department, one; home economics, one; music department, three; physical education, two; physiology department, two; new speed department, one; zoology department, one.

A completely new department, cooperative training, has contributed seven new classes.

on fish, cheese, and eggs in order to observe the Lenten season.

Home Economics Women Learn To Make Clothing

Second semester clothing students at Hartnell are starting this semester with a unit on children's clothing.

The object of this course is to develop independence in the use of patterns and to speed up construction of the clothes. The children's garments are made of cotton, with the students using the factory method of assembling. "The girls also learn some new sewing techniques, principally making plaques and studying various uses of bias as in facing and bindings," said Miss Novotny.

The next problem the students will attempt is a cotton dress which they will make for themselves employing the procedures learned on the smaller garments.

Before attempting more advanced problems, the girls will work on modifying and changing patterns.

Change In Panther Sentinel Hierarchy

Editor Johnson Takes Advertising

Starting with this issue, Dick Johnson is resigning from his post as editor of The Panther Sentinel to become the advertising director of the paper.

Dick was born in Salinas in June of 1933, and he attended Salinas high school before coming to Hartnell in the fall semester of the 1950-51 term. Having taken one semester of journalism in high school, he was able to start out on The Sentinel as a staff writer, and he soon was made a feature writer, writing the campusology column under the byline of "Rajah." Dick became the associate editor of the paper in the fall of 1952, and for the spring of 1952 he became editor. In addition to this, he has been student body publicity commissioner and very active in extracurricular activities.

Due to the fact that he worked half a day and attended Hartnell half a day for his first three semesters, Dick is now in his third year and planning to graduate this coming June. He has been majoring in literature at Hartnell but has no definite plans for the future after graduation. He expects to spend some time in the service, though, and perhaps continue his education elsewhere.

Thirty Enroll in Beginning Archery

The Hartnell College archery class for beginning and advanced students is composed of thirty men and women, including Coach Dick Voris, the latest recruit, who appears upon occasion.

The class is held on Monday and Wednesday at 10:00 a.m. Some

Rains, Pomeroy Become Co-Editors

Chuck Pomeroy and Darrell Rains will edit The Panther Sentinel for the remainder of the 1953 spring semester, announced Mr. Henry Cassady, advisor, this week. The co-editors, have replaced Dick Johnson, whose resignation became effective Monday of this week.

Pomeroy was sports editor of The Sentinel during the fall semester this year, and is currently vice-president of Westminster Club, was a member of the basketball team, and is now out for the baseball team. A native of Des Moines, Iowa, the freshman philosophy major plans to attend Occidental College next year, where he will prepare for his entrance to seminary. He is a graduate of Salinas high school, which he attended for three years after coming to Salinas.

Rains was an outstanding member of the news staff of Panther Sentinel during the fall semester, and is an outstanding student. A native of Santa Cruz, the freshman English major plans to attend San Jose State after graduating from Hartnell in 1954. He is a graduate of Santa Cruz high school, where he was a marksman on the Santa Cruz Cadet Rifle team.

DARRELL RAINS

CHUCK POMEROY

Fort Ord Downs Panther Nine

The Hartnell baseball team officially began its season, Tuesday, in a game with the Fort Ord Braves on the Hartnell diamond. The visitors came out on top by a score of 14-0.

Pitchers Pickart and Wilson of the Braves combined to hold the Harts to only six hits, all of them singles, and no runs. Fort Ord touched Panther starter, Chuck Dillard, for 12 runs on seven base knocks and an equal number of bases on balls, in the four innings he worked. Jack Brooks finished off the final five innings for Coach Regli's squad on the mound, limiting the Braves to two runs on two hits and three walks.

The winners ended up with a total of nine hits, including two home runs by Morris and McMatton. Hartnell was able to get a total of six hits; those who got them were Connors, Verret, Boute, Herman, Teresa, and Shields.

In defense of the Panthers' showing, it can be stated that it is still early in the season, a few of the men have only been out a couple of days, plus the fact that most of the army men had professional experience. Everyone expects the Harts to do much better in their remaining contests.

Today at 2:30, Gonzales high school travels here for a ball game, and tomorrow at 3 p.m. the alumni return to battle Regli's forces. The Hartnell box score of Tuesday's affair was as follows:

Player	AB	R	H	FG	FT	PF	TP
Smith, f	5	3	1	13			
Ledgerwood, f	2	2	4	6			
Larson, c	6	6	5	18			
Teresa, g	5	3	3	13			
Bullian, g	2	1	3	5			
Snider, g	2	1	4	5			
Beguio, g	1	0	1	2			
Olson, c	0	2	2	2			
Welch, f	0	0	1	0			
Totals	23	18	24	64			
* * * * *							

Hart Cagers Lose To ECC, Menlo In Season's Finals

Hartnell's Panthers bowed to the East Contra Costa Vikings, 97-64, Friday night, February 27, in a basketball game played at Martinez. Hartnell never was in the ball game as the home club jumped into a 10-2 lead opening the game and was never caught.

Contra Costa was ahead, 29-12, at the end of the initial quarter, and 47-30 at half time. When the buzzer ended the third quarter, the Vikings had raised their margin to 28 points, leading 72-44.

Pacing the game's scorers were two members of the host team. Jack Myers dropped in 24 points, and Bob Borghesani was good for a solid 20. Bob Larson led the Panthers with 18, followed by Tony Teresa and Bill Smith who each garnered 13.

The Hartnell box score:

Player—Pos.	FG	FT	PF	TP
Smith, f	5	3	1	13
Ledgerwood, f	2	2	4	6
Larson, c	6	6	5	18
Teresa, g	5	3	3	13
Bullian, g	2	1	3	5
Snider, g	2	1	4	5
Beguio, g	1	0	1	2
Olson, c	0	2	2	2
Welch, f	0	0	1	0
Totals	23	18	24	64
* * * * *				

Hartnell wound up its 1952-53 basketball season with a defeat from the Menlo J.C. Oaks, Saturday night. Menlo led 15-1 in the first quarter, 26-17, at the half and 45-33 at the beginning of the fourth quarter. The Panther squad came within 10 points — 55-45 — during the last quarter, but were unsuccessful in making that last final drive to squelch the Oaks.

Leading the Hart scorers were Bill Smith with 14 and Teresa with 12.

The Menlo Oaks won the coast division N.C.J.C.C. title with a two-game lead over East Contra Costa J.C. Vikings. The Oaks will leave Wednesday for Long Beach to play Fullerton J.C. for the state championship title. Eight other junior colleges will be represented in the play.

The Hartnell box score was:

Player—Pos.	FG	FT	PF	TP
Smith, f	4	6	1	14
Olson, f	1	3	5	5
Larson, c	2	4	5	8
Snider, g	1	2	5	4
Teresa, g	4	4	2	12
Bullian, g	1	0	0	2
Beguio, g	1	0	2	2
Welch, f	0	0	1	0
Ledgerwood, f	2	3	1	7
Totals	16	22	23	54
